Objective

Aspiring Junior Data Scientist with a strong foundation in data analysis, machine learning, and statistics. Eager to apply analytical thinking and technical skills to solve real-world problems. Currently seeking opportunities to kickstart my career in the data science field.

Education

Bachelor of [Your Degree]

[University Name], Sohag, Egypt

[Month, Year] - [Month, Year]

- Relevant Courses: Data Science, Machine Learning, Statistics, Python Programming, Data Visualization

Technical Skills

- Programming: Python, SQL
- Libraries & Tools: Pandas, NumPy, Matplotlib, Seaborn, Scikit-learn, Jupyter Notebooks
- Databases: MySQL, PostgreSQL
- Other Tools: Excel, Power BI, Git, Google Colab
- Machine Learning: Regression, Classification, Clustering

Languages

- Arabic - Native
- English - Good (reading, writing, speaking)

Soft Skills

- Problem-Solving

Ahmed Sherif - Junior Data Scientist

- Critical Thinking
- Attention to Detail
- Team Collaboration
- Eagerness to Learn
